

**COCONINO COUNTY**  
**Public Works Department**

**Road Construction and**  
**Road-Related Construction Projects**  
**Update January 25, 2007**

- **#1 *Kachina Village Drainage Improvement Project:*** This project is to correct damage done in the southern portion of Kachina by a storm last August. The project consists of placing grouted rip rap into the recently washed out drainages, as well as some retaining wall repair on Piñon Trail. At this time about 140 feet of rip rap has been placed on Judito Trail and work is being performed on Toho Trail, but no grout work has been done yet. Completion of this project will be dependant on weather conditions.
- **#2 *Dunnam Street Drainage Project:*** Currently only minor items remain to be completed, including a surface friction course pavement (ACFC).
- **#4 *Campbell Avenue pavement and drainage project:*** The eastern portion of Campbell (between Crestline and SR89) has been paved as well as the intersection of SR89 and Campbell Avenue, which included the addition of a southbound turn lane on SR89. Additional work will continue on the east end of the project until weather forces a winter shutdown.
- **#5 *Kaibab Estates West Drainage Study Project:*** A public meeting will be held to discuss results of the study in late January.
- **#6 *Clear Creek Pines Enchanted Lane Roadway Project:*** This project will go out for re-bid early next year, with construction scheduled to start in the spring of 2007.
- **#7 *Munds Park Pinewood Boulevard (Eats) Roadway and Drainage Project:*** The project is currently in plan review and utility relocations should begin around March, with construction following in the spring of 2007.

*Note: The project numbers above correspond with numbers on the Coconino County "Construction Hotline" which can be reached at (866) 593-2877.*
